Mr. Mike Stewart, Project Manager
Sun Coast Electric
3476 Barber Drive
Tallahassee, Florida 32303

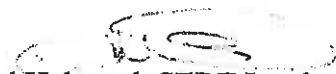

Dear Mr. Stewart:

The Florida Division of Emergency Management and the State Emergency Response Team (SERT) would like to express our appreciation for the dedication and hard work on the State Emergency Operations Center (SEOC) and the State Watch Center renovation project.

Mr. Wes Dixon and Mr. Tom Collins have been very helpful. Their professionalism has been above measure. Without their dedication and hard work this project could not have been accomplished in such timely manner.

In appreciation to Sun Coast Electric's contribution for enhancing our capabilities for the continued concerns and safety of Florida's tourist and citizens, the Division of Emergency Management would like for you to have the Division's coin. The SERT challenge coin bears our agency's insignia and state seal and is presented to persons in commendation for their service to the State Emergency Response Team. They are given to enhance morale, recognize the importance of teamwork and to remind recipients that they must also "Get A Plan!" for disasters for their family..

Sincerely,

David Halstead, SERT Leader
