Re: Sun Coast Electric & Networking

To Whom It May Concern:

This letter is written to serve as a recommendation of Sun Coast Electric & Networking based upon our experience with them over several years.

Sun Coast has been a valuable team member on many of our projects. We have found them to be competent, responsive, quality oriented and honest in our dealings with them. They operate with a team spirit that focuses on achieving the project goals. Quality work is a priority for them and they have performed exceptionally well on every project we have had together. In a time when many people are trying to cut corners, Sun Coast has an attitude of "doing it right the first time".

LLT Building Corporation recommends Sun Coast for consideration by any client looking for quality service.

Respectfully,

A handwritten signature in blue ink, appearing to read "John Daum", is written over a large, light blue circular scribble.
