Sun Coast Electric and Networking, Inc.
3476 Garber Drive
Tallahassee, FL 32303

To Whom It May Concern:

Over the years, I have had the opportunity to work with numerous electrical contractors. One, such company, that stands out in my mind as a leader in their field is Sun Coast Electric. I have worked with Sun Coast Electric for over ten years and they have provided FSU with outstanding service for minor service projects and major projects, over two million dollars.

One thing that always comes to mind when working with Sun Coast is their consistency. Sun Coast consistently provides FSU with excellent, professional customer service.

It is a pleasure to work with professional and cooperative project managers and Mike has represented Sun Coast very well over these past 10 years. He is someone FSU can rely on and will do whatever is necessary to meet the job schedule and does this with a professional attitude.

I have the utmost respect for Sun Coast Electric and would wholeheartedly recommend them for any project forthcoming. As witnessed by a long-term relationship, we have found them to be trustworthy and loyal to our goals.

Thank You,

Gary Feldman
